WORK EXPERIENCE

SENIOR ERP DEVELOPER AT ZERGAU CLOUD SERVICE PROVIDER — ETHIOPIA APRIL 2026 - Present

- Lead full-cycle Odoo ERP implementations end to end, independently handling requirements gathering, business process analysis, automation design, and implementation for cloud-hosted ERP solutions.
- Own and drive delivery of core modules including Purchase, Inventory, Sales, CRM, and components of Manufacturing, ensuring each module reflects the client's actual business workflow.
- Deliver cloud-supported ERP solutions, translating business requirements into scalable, maintainable Odoo configurations and custom functionality.

ODOO DEVELOPER AT GRACEERP CONSULTANCY PLC — ETHIOPIA JUNE 2025 - MARCH 2026

- Delivered 5+ successful Odoo ERP projects across diverse sectors, including a multi-company setup spanning import/export, coffee processing, machinery rental, and mining, an NGO, two pharmaceutical businesses, and an e-commerce platform.
- Built custom Odoo modules using OWL, JavaScript, XML, Python, and PostgreSQL, tailoring the system to each client's specific operational needs rather than forcing standard workflows.
- Engineered third-party API and REST integrations, connecting Odoo to external systems and services to extend platform functionality.
- Contributed to the company's tutorial video initiative by developing Odoo functionality training content in Afan Oromo, supporting the delivery of ERP knowledge in local languages.

FREELANCE ODOO DEVELOPER AT UPWORK — REMOTE JANUARY 2025 - APRIL 2025

- Automated repetitive business workflows using n8n for freelance clients, identifying redundant manual tasks and eliminating them by connecting Odoo to other apps and services.
- Executed data migration across Odoo versions (v15-v18) and from legacy systems, preserving data integrity throughout transitions.
- Handled server deployment and performance tuning on AWS with Nginx, alongside configuring security rules, dynamic access rights, automated workflows, and custom reports and dashboards.

To Whom It May Concern

This letter is to formally acknowledge that **Mr. Natnael Birhanu** has been employed at **GraceERP Consultancy PLC** in the position of **Odoo Developer** from **June 26, 2025 to March 31, 2026**.

During his tenure with us, Natnael served as a dedicated and reliable member of our team. He consistently demonstrated strong professionalism, commitment to his responsibilities, and a positive attitude toward his work. His ability to learn quickly, adapt to different tasks, and collaborate effectively with colleagues contributed meaningfully to the smooth execution of our work. Natnael has also been a key contributor to our tutorial video preparation initiative. He played a great role in developing content in Afan Oromo, specifically around Odoo functionalities, supporting our mission to deliver ERP knowledge in local languages.

Mr. Natnael has shown competence in handling assigned duties, meeting deadlines, and maintaining high-quality performance standards. He was also known for his strong work ethic, discipline, and respectful behavior within the workplace.

We truly appreciate the time and effort he contributed to our organization. We believe that Mr. Natnael will continue to excel in his future career endeavors and we confidently recommend him for any role he may pursue. We wish him all the best in his professional journey ahead.

Sincerely,
Ermias Tegegn Retta
Founder & CEO
